

What makes this quote different from the other two.

Three quotes look the same on a kitchen table. Same equipment, same numbers, same promise of service. Here's the part that's only on this one.

WHAT YOU HAVE TO DO

Have us out twice a year for maintenance.

That's the entire obligation. No registration to chase, no forms to file, no renewal to remember. Miss it and the coverage lapses, so we book it with you before we leave.

WHY THIS ISN'T TOO GOOD TO BE TRUE

- 1

A national, brand-name A-rated insurance carrier stands behind it

Not a promise from a contractor, and not a balance sheet. An insurance contract.
- 2

And something stands behind the carrier

The state guarantee fund sits behind the carrier. Two layers, not one promise.
- 3

It's in writing before you sign anything
